SUMMARY

Highly motivated Junior IT student at Hanoi University of Mining and Geology with a strong passion for web development. Experienced in building RESTful APIs using Node.js and Express. Dedicated to writing clean, efficient, and maintainable code. Fast learner with a commitment to continuous professional growth.

WORK EXPERIENCE

ESG TECH — Back-end Web Developer (Intern)

Nov 2025 – Apr 2026

- Developed and optimized RESTful APIs using Node.js and Express.js.
- Improved database query performance for MongoDB and MySQL.
- Collaborated closely with front-end developers to ensure seamless API integration.
- Participated in code reviews and applied best practices for backend architecture.

EDUCATION

Hanoi University of Mining and Geology (HUMG)

Information Technology (Aug 2022 – May 2026)

GPA: 3.2 / 4.0

PROJECTS

Tomato Food Delivery (MERN Stack)

- Built a full-stack food delivery platform with React, Node.js, and MongoDB.
- Implemented secure checkout using Stripe API with server-side verification.
- Developed a complete Admin Dashboard for menu and order management.
- Configured Docker for containerized deployment.

Datn Social (Real-time Social Network)

- Developed a social media platform featuring real-time messaging and notifications.
- Utilized Socket.IO for seamless real-time interactions.
